Release Date: February 23, 2009

As a part of our continuing Product Rationalization Program (80-20), LPS® is discontinuing a value performance product, LPS® HDX II Heavy-Duty Degreaser aerosol (# C03020), and transitioning to a premium performance product, LPS® A-151 Solvent Degreaser aerosol (# C04320).

LPS® A-151 Solvent Degreaser, has been a successful “safer” alternative to faster drying, low-flash point degreasers for more than 10 years. LPS® A-151 is a preferred high-flash point degreaser [>77°C (170°F)] for aircraft maintenance and has numerous industry specifications including: ASTM F-945 Stress Corrosion of Titanium Alloys, Boeing D6-17487L, Embraer B-1, Lear Jet LES 1239 J, and McDonnell Douglas CSD #1.

DISCONTINUED ITEM

**HDX II
Heavy-Duty Degreaser**
Part # C03020
Net Fill 425 Grams (15 oz.)

REPLACEMENT ITEM

**A-151
Solvent Degreaser**
Part # C04320
Net Fill 425 Grams (15 oz.)
